Workshop Outline

TOPICS COVERED:

- A personalized natal (birth) chart
- A basic understanding of how astrology works
- Practical experience of how the zodiac signs, planets & houses integrate together
- A piece of art you create from your chart
- Exposure to the energy of the planets through a variety of media

Sara currently teaches the 3 year Astrology course and is the astrological consultant at Mystical Dragon. She holds the highly valued Practitioner's Diploma in Astrology from the Federation of Australian Astrologers, having passed the last of the 4 pre-requisite examinations, within 2 years of starting to study astrology formally, believed by most of her mentors to be a first!

Sara has a special interest in the asteroids within astrology, having studied them with Brian Clark, Tess Cullen & Roderick Kidston. She is undertaking Steven Forrest's 3yr apprenticeship program in past life astrology.

Sara says: "Astrology studies the patterns of the stars in the sky at our time of birth and relates this to their current positions. Is it a science, an art or just plain magick? Who really knows? Whatever it is, what I know is, it works with unerring accuracy! It is so much more than the brief paragraphs you read under your Sun Sign, in magazines or newspapers. Experiencing this workshop will give you a taste of what my 3 year astrology course holds in store & help you decide to put your toe in the water....."

TESTIMONIALS: First Year Astrology Students say: "Thoroughly enjoying it, Sara's multi-media approach is great. Wonderful teacher & class is fantastic." L.D
