

Asteroid Goddesses Workshop

Ceres, Pallas-Athene, Juno and Vesta are the recently activated voices of the dormant feminine, demanding power, recognition, justice and equality in the re-enlightened society of the twenty-first century.

This workshop will introduce you to these goddesses, their heritage, their energies and how their archetypes are lived out today by modern women.

You will discover the role these goddesses play in your personal make-up and how they are integrated into your potential at birth.

Participation in a series of practical exercises will enable you to experience the generic power they bring to all women.

PLEASE NOTE: No prior knowledge of astrology is needed to understand this workshop

Sara holds the highly valued Practitioner's Diploma in Astrology from the Federation of Australian Astrologers, having passed the last of the 4 pre-requisite examinations, within 2 years of starting to study astrology formally, believed by most of her mentors to be a first!

Sara has a special interest in the asteroids within astrology, having studied them with Brian Clark, Tess Cullen & Roderick Kidston. She is currently working on an astrological thesis, supervised by Brian Clark, investigating the role that certain asteroids and planets play in charts of individuals with connections to white witchcraft.

Sara says: *"The first book I can remember owning from my childhood was stories from Greek mythology. It was a bound book with beautiful coloured glossy paintings stuck on some of the pages as illustrations. I wish I still had it now! At least it sparked my interest and I have had conscious knowledge of those archetypes with me from a young age! These Goddesses were chosen to name the first four asteroids, discovered from 1800-1810. They portray how we perform in daily life as mothers, wives, wise warriors and keepers of the spirit."*

TESTIMONIALS: First Year Astrology Students say: *"Thoroughly enjoying it, Sara's multi-media approach is great. Wonderful teacher & class is fantastic."* L.D

"The course is a very interesting mode of study in that Sara utilizes all of her talents to create a great learning space. Her knowledge & efforts are very profound and commendable." Y.S
