

Introduction to Palmistry Workshop

Did you know the hand you write with, referred to as the dominant hand, actually changes over time? Lines disappear or grow, mounts can get larger or smaller and the colour can change depending on what is going on in your life!

Come along and learn how to tell the kind of nature that new person you have met has. Are they stubborn? Do they have a temper? What would they be like in a relationship? Do they have a lot of drive or are they confused about where their life is going?

Workshop Outline

Find out the basics about Palmistry!

TOPICS COVERED:

- History of Palmistry
- A combination of theory and practice including celebrity examples
- Understanding of the different hand types and how they shape the character
- Expression of life force, emotions and the intellect through the 'palmar' lines
- Roles played by the mounts and fingers

Sara holds certificates from Visionary Spiritual College in Palmistry and Numerology. She finds Palmistry incredibly fascinating due to the different points of view that have sprung up from the interpretations of the many ancient centers of Palmistry who kept their knowledge secret within their schools. She has obtained a far deeper understanding over the years from continued practice, digging into her growing Palmistry library & extensive research.

In addition to teaching the 10wk Palmistry course and reading at Mystical Dragon, Sara conducts Palmistry readings regularly at Mind Body Spirit and other festivals and expos. She is Mystical Dragon's Astrologer, Palmist & Numerologist.

Sara says: *"Palmistry is such a wonderful ice breaker for introducing spiritual abilities. When you say you work with Tarot or Astrology, many people are wary or skeptical. But mention that you read palms and you are instantly inundated with hands! I learned the art by accident and was amazed at the depth brought by adding it to my divinatory tool box. For those who 'feel', it has the added advantage of the insight gained through the connection in holding a hand."*

TESTIMONIALS: Palmistry Students say:

"Fantastic course Sara. Thank you so much. There is still so much I have to learn and look forward to building my knowledge and skill. Thank you xoxo" A.W

"Sara provided a great introduction to palmistry with excellent notes and lots of practical examples. I am keen to go on learning more in the future." B.R

"The palm reading course was very practical yet opened up a whole new world for me. The background provided created a great basis and the examples of hands from well known people cemented the knowledge." J.H
