

Numbers in Your Daily Life Workshop

What is the impact on our numerological characteristics if we get married & change our surname? What about women keeping their maiden name or deciding to use a hyphenated combination of both names? How about the use of nicknames or shortened names?

How much is fate or destiny and how much can we have an influence through our choices or free will when selecting a name?

Sara holds certificates from Visionary Spiritual College in Palmistry and Numerology and Professional Numerology. Since then she has obtained a far deeper understanding over the years from continued practice, delving into her growing Numerology library and extensive internet research. She is the teacher for Mystical Dragon's 15 week Numerology course "Know your Numbers".

In addition to working out of Mystical Dragon, Sara conducts Numerology readings regularly at Mind Body Spirit and other festivals and expos. As Mystical Dragon's Astrologer, Palmist & Numerologist, she integrates these insights with her love & knowledge of Tarot, Kabbalah, Mythology, Crystals, Energy Healing & Chinese Astrology.

Sara says: *"It's downright spooky! I purchased the number 11 house from which I operate my spiritual consultancy before I ever dreamt I would earn my living in the spiritual industry. I had barely heard of numerology having no idea, I had the numerological signature of a spiritual healer with an 11 Master Number as my Expression. Moving to the area made me aware of a nearby spiritual college and come to learn my craft! Was this pre-determination? Did my higher self draw me to use my free-will wisely beyond what I was currently conscious of? Who knows!"*

TESTIMONIALS:

"I wanted to say thank you to Sara. She did my Numerology reading, natal and progressive chart & a past life reading. Sara answered all my questions & really helped me in understanding who I am (and was!) a little better. Her reading was very thorough, spot on & helpful. She left me with some reading & a lot of thinking to do. Her warmth & understanding are an added bonus." E.X

"I found it very interesting to understand what my opportunities and lessons are in this lifetime, plus know what awaits for my husband, etc." M.A
