Tarot works with an undeniable degree of accuracy. When the querant shuffles the cards, they transfer energy to the deck so their Higher Self can ensure the right cards are selected to answer their questions and direct them to the right path. There are many ways each card can be read, but the reader always receives the right messages to impart for that particular combination of cards. It isn't fortune telling, or fate and destiny, it's a translation of the energy around the querant, a guide to the most empowering way they can use their free will to serve their life experience at that point in time.

This course will provide you with the knowledge and practical experience you need to read the Tarot, professionally, for friends & family or just as part of your spiritual development.

ABOUT THE TEACHER: Sara Gilbert

I've always been fascinated with Mythology, Tarot and what makes people "tick"! I have a background in teaching with a Certificate IV in Workplace Training & Assessment. So spiritual teaching comes to me quite naturally.

My philosophy or style in all my courses is to teach in a more conceptual manner that allows the student to absorb universal truths, symbols and connections into their subconscious mind, enabling them to release their intuitive feel for the subject more naturally, than if they just learn the meanings by rote

I work with a full range of modalities (Tarot, Numerology, Palmistry, Chinese & Western Astrology), also integrating aspects around Chakras, Mythology, Crystals & the Kabbalah Tree of Life.

I am a Professional Member of the Tarot Guild of Australia. I also have my Practitioner's Diploma in Astrology from the Federation of Australian Astrologers. I regularly participate as a reader at Mind Body Spirit and other expos and festivals.

My passion is to help as many people as I can develop, grow and gain balance in their lives :)
