Sara Gilbert

Sara Gilbert is a Professional Member of the Tarot Guild of Australia based in Frankston. She is also a member of the Association of Professional Astrologers and holds the Practitioners Diploma in Astrology from the Federation of Australian Astrologers. Sara has been practicing and teaching Palmistry since completing a certificate course at Visionary Spiritual College in 2006. She has since thoroughly researched the subject and in the course of conducting hundreds of Palmistry readings she has added much of her own intuitive knowledge to this foundation. Sara includes the hands of famous people, along with those of the students, to bring greater depth to the training experience. She also offers tuition by correspondence teaching students the art of hand printing in order to overcome the difficulty through lack of practical demonstrations on live subjects.

Sara's gift is decoding the unique emotional patterns in your life, enabling you to become at home with yourself and find your special place in the world. She is able to draw on wisdom from multi-faceted knowledge of esoteric systems: astrology, tarot, myth, goddess energy, the tree of life, numerology, palmistry and hand analysis. This enables a richer understanding, as each tool reinforces your life design through a slightly different lens. Sara can work with you through private consultation or a series of courses and workshops. She regularly reads at festivals, parties, ladies nights & corporate events, working in most states throughout Australia.

Course Context

- Combination of traditional palmistry wisdom and modern research
- Learn to quickly identify Life Purpose & Lessons from the fingerprints and hand markings
- Connects hand characteristics to goddess archetypes from mythology
- Practical course with a research basis from a practicing palmist and hand analyst

Previous courses separated Palmistry from the Fingerprint Analysis Sara has taught for many years as part of her "Finding Your Life Purpose" workshops. She has also spent a lifetime researching goddess archetypes through myth and more recently through asteroids associated with intuitive abilities through the charts of those who work with them on a daily basis. She is excited to be able to pull this wisdom together and build on the existing bodies of knowledge in this field, sharing it with others through this course
